4\textsuperscript{th} March, 2015

Dear Parents and Carers,

On Tuesday March 24\textsuperscript{th}, St Mary’s Catholic School will be holding a K-6 Numeracy Parent Workshop. The workshop will be offered at 9.15am and repeated again at 6.30pm. It will run for approximately 80 minutes and child minding will be provided.

The workshop will contain a variety of practical approaches to helping your child with Numeracy at home. It will also give detailed information about the data collected from the Mathematical Assessment Interview (MAI) and how Maths looks at school. The format of the Numeracy workshop is as follows:

1. Discussion of the Mathematical Assessment Interview (MAI) and an overview of Numeracy in our school from Kindergarten through to Year 6
2. Modelled Numeracy games/activities to reinforce Number knowledge from K-6. This will be very interactive, hands-on and a lot of fun. You will leave the workshop with a booklet of activities that are easy to play at home with your child.

During the Parent Workshop a variety of equipment will be used. During the session you will have the opportunity to write your name on a list if you would like to be provided with some of the equipment used in a take-home kit. This kit will arrive home in Term 2.

To ensure we have enough equipment for the workshops, we require an R.S.V.P. to this Parent Workshop. Please R.S.V.P. no later than Wednesday 18\textsuperscript{th} March 2015.

The K-6 Numeracy Parent Workshop is an excellent opportunity for all parents at St Mary’s, whether your child is in Kinder or Year 6, loves Maths or finds some concepts difficult. We strongly encourage your attendance.

Thank you for your support,

Emma Sellars
Numeracy Coach
