All relevant school notes and letters are posted on our website. Please click on Forms & Permission Notes on the front page.

Last Friday, you received notification on Compass regarding the small change of roles at our school. With the recent launch of the diocese's Towards 2025 vision, Mr Danny Casey, Interim Director of Schools, has asked Kevin to help out at the system level. This role will see Kevin spending some time away from our school, (at this stage 2-3 days per week) for the remainder of 2020. Emma Sellars, will share the principalship (co-Principals) with Kevin during this period.

#### The Sacraments

The parish's Sacramental Program has resumed and classes for First Eucharist have begun. The celebration of the Sacrament will occur over the weekends of September 13 and 20. Please call the parish for further enquiries on 8379 1730.

#### **Our Athletics Fun Day**

Mrs Bain has been busy preparing a fantastic Athletics Fun Day for the kids. It will be held on our school's oval this Friday August 21. With no Cluster or Diocesan level representation possible this year, it will look a little different. Mrs Bain has organised a multitude of relays and rotation activities that classes will compete in during the day. We even hear that a teacher's relay may take place! We are sorry that spectators are not permitted. We will, however, share photos with you on our school Facebook page and next week's newsletter. Children are permitted to wear a coloured t-shirt representing their colour house along with their normal PE shorts. Please remember to bring a drink bottle, your school hat and to apply sunscreen before leaving home.

#### **COVID-19 Testing**

Students who have flu-like symptoms are not permitted to return to school until they return a negative COVID-19 result and are symptom free. With the rising cases of community transmission, we are requesting that parents keep siblings of potentially exposed children home until a negative test result comes through. Please note, our

Term 3 Week 5 19 August 2020

school office must now sight the negative COVID-19 test result of returning students.

#### Father's Day Liturgy

Our traditional Father's Day Mass is not able to be celebrated this year. We are very sorry that our Dads cannot join us. A Father's Day Liturgy will be held on Friday September 4 in our school grounds with the children and staff in attendance. We are currently looking into ways that dads can join us remotely, such as Zoom. We will confirm details as soon as possible.

#### **Our Next Playgroup**

Unfortunately, due to further COVID restrictions, our next Playgroup to be held on Wednesday September 2 has been postponed. We will let you know a new date once we have this available.

#### **Book Week Celebrations**

On Thursday September 17 we will be holding our Book Parade. We can't wait to see what the children (and teachers) dress up as. The theme is 'Curious Creatures Wild Minds'. Parents will not be able to join us as normal on the playground, but we will be taking many photos on the day to share.

#### **Year 3 Sacred Space**

Next Thursday, August 27, Year 3 will share their Sacred Space with the school at 1.50pm. As no parents can join us on school grounds, we will send a Zoom code to Year 3 parents via Compass on the morning of the Sacred Space. We welcome you to join us in this way.

Kind regards,

K Williams

Children learn Social and Emotional skills most effectively when they are also reinforced at home.

School children enrolled for the First Eucharist are encouraged to attend weekend Masses prior to the Celebration of the First Eucharist. ing is influenced by a range of social and emotional factors. How well children do at school is affected by things such as:

- how confident children feel about
- how well they can concentrate and
- how well they can understand and

Social and Emotional skills help children

Teaching SEL skills at school as well as at home, makes a positive difference to children's wellbeing and helps them settle in the classroom and get on with learning. When children are taught specific strategies for recognising and responding to emotions, thinking through challenging situations such as friendship issues or losing at games and being able to communicate effectively, they are less likely to act out frustrations at school, home and elsewhere.

When the important adults in a child's life model mature Social and Emotional skills to children, it is perhaps the biggest factor influencing how children learn to cope with challenges and develop friendships and other relationships with both their peers and adults. Having positive social skills and being able to get along with others leads to friendships and lessening feelings of loneliness which can impact on children's mental health. Children's SEL skills are developed over time, but it does take effort on the part of the adults supporting them.
